OVERCOME RACK ENVY

THE 2010 CATALOG

YOUR GUIDE TO OVERCOMING RACK ENVY

RACK ENVY. It's a terrible affliction, affecting millions of Americans who are using substandard methods to transport their gear. You can see its terrible effects in disorganized trunks of cars, disheveled backs of SUVs, cramped minivans and haphazard pickup truck beds everywhere.

You can also see it on the faces of the unfortunate drivers who own other brands of rack products – none of which are nearly as versatile, easy to use or attractive as Yakima Racks.

Unfortunately what individuals afflicted with rack envy don't know is that they're suffering needlessly. For every sport and every budget, there's a Yakima Rack that is right for everyone. Dollar for dollar, pound for pound, there's no better rack system to help you get over your Rack Envy, and on your way to the great outdoors.

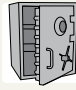

THANKS TO YAKIMA, no longer shall families suffer deprivation on camping trips due to lack of cargo space. No longer shall grown men and women cry in shame over their flimsy rack products. No longer shall parents feel embarrassment for leaving their kids' bicycles behind on a weekend away. No longer shall cyclists get chain grease on their car seats or let their pedals tear up their upholstery. And no longer shall kayaks, skis and snowboards gather dust in the garage while their owners feel like total losers.

In this day and age, it's inhumane to let people suffer from Rack Envy. Fortunately, the cure is simple. Buy a Yakima Rack. It's affordable, and it will put you in a new envy-free state of mind.

THERE ARE MANY, MANY, MANY, MANY REASONS TO BUY A YAKIMA RACK.

HERE ARE A FEW OF THEM.

- 1** YOU'LL BE ABLE TO CARRY MORE STUFF WITH EASE 
- 2** WITH ADDED SPACE IN YOUR VEHICLE, YOU'LL BE A HERO TO YOUR FRIENDS AND FAMILY 
- 3** YOUR TOYS WILL STAY SAFE AND SECURE WHILE TRAVELING 
- 4** YOU'LL BE COVERED BY OUR LIMITED LIFETIME WARRANTY 
- 5** YOUR CAR WILL STAY CLEANER AND SMELL LIKE LAVENDER 
- 6** YOUR CAR WILL FEEL BIGGER 
- 7** YOU CAN DOWNSIZE TO A MORE EFFICIENT VEHICLE 
- 8** YOU'LL BE BETTER-LOOKING, MORE CONFIDENT, YOUR BREATH WILL SMELL BETTER AND IT WILL IMPROVE YOUR PERSONALITY.* 

INSIGHT-INSPIRED INNOVATION

OUR SECRET SAUCE THAT MAKES YAKIMA RACKS
THE BEST IN THE WORLD.

At Yakima, our designers constantly follow around outdoor enthusiasts like you (in a totally non-stalker way) to find out everything you could ever want in a rack. This causes many light bulbs to hover over our heads, and lots of nifty features to be incorporated into our products. We call this process "Insight-Inspired Innovation." And as a result, every one of our products has the following fundamental elements:

- **FUNCTIONALITY**
- **DURABILITY**
- **BEAUTY**

Thanks to these special ingredients, you can rest assured when you buy a Yakima you have the finest gear-hauling solution money can buy. And, in your little corner of the universe, Rack Envy will be a thing of the past.

INSIGHT-INSPIRED INNOVATION AT WORK:

We include nifty touches like bottle openers on many products

The SKYBOX LOPRO'S lid features an integrated solar-powered lighting system that never needs batteries and illuminates as soon as you open the box

Integrated binding lifts on FATCAT ski mount give you more clearance above your car roof

The BOWDOWN boat mount folds down when not in use, giving you a quieter ride. Plus you don't have to worry about zoning out and driving it into the top of your garage.

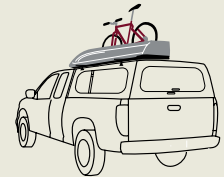

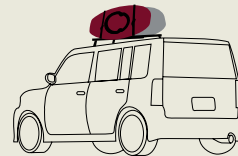

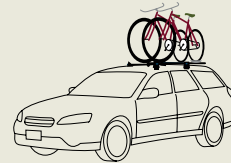

WE OFFER A MULTITUDE OF WAYS TO CARRY YOUR GEAR. HERE ARE THE BENEFITS OF EACH:

ROOFTOP RACK SYSTEMS:

WHAT YOU CAN CARRY:

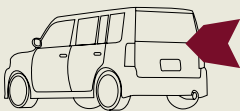

- ▶ Multi-sport platform carries widest range of gear and cargo
- ▶ Secures gear and cargo up and out of the way
- ▶ Scalable, transferable system evolves with your lifestyle

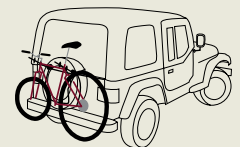

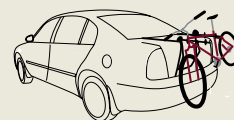

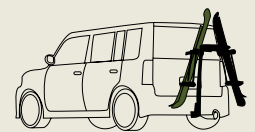

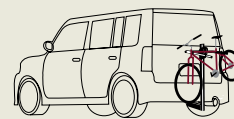

REAR-OF-VEHICLE CARRIERS:

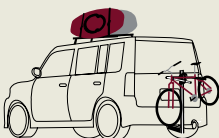

WHAT YOU CAN CARRY:

- ▶ Low and accessible for easy loading and garage clearance
- ▶ Quick installation, loading and removal when not in use
- ▶ Great combination with rooftop systems

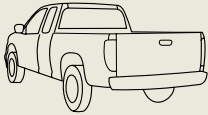

COMBINE A ROOFTOP SYSTEM AND REAR-OF-VEHICLE CARRIERS TO CREATE THE ULTIMATE IN GEAR-HAULING AWESOMENESS

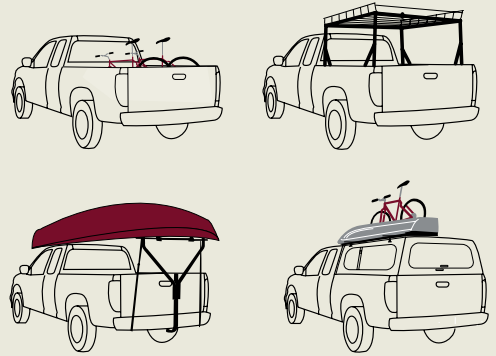

TRUCK OPTIONS:

WHAT YOU CAN CARRY:

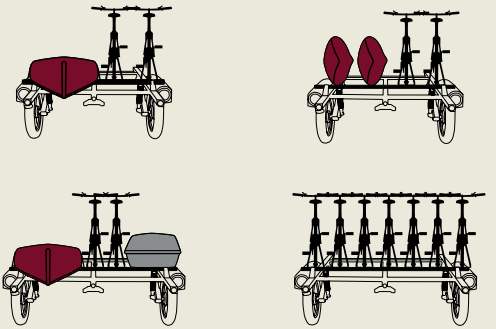

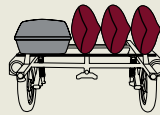

- ▶ Additional carrying capacity above the bed
- ▶ Great for longer loads (canoes, ladders, etc.)
- ▶ Removable truck bed options protect bikes

TRAILERS:

- ▶ Low, accessible multi-sport loading platform
- ▶ Maximum load capacity with Yakima (and other) gear mounts
- ▶ Easy installation, removal and storage

WHAT YOU CAN CARRY:

We are committed to minimizing our impact on the environment. Check out what we're doing and see what you can do at YAKIMAPAYBACK.COM

MAKING THE MOST OF YOUR FACTORY CROSSBARS

If you have a factory rack system that looks similar to the one shown here, you may be able to trick it out with Yakima Universal Mounts in a matter of minutes. Factory rooftop rack systems are great for carrying a few pieces of gear or cargo, but typically offer lower capacity than a Yakima Rooftop Rack System.

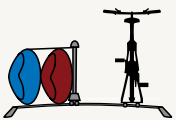

1 FACTORY ROOFTOP RACK SYSTEM

2 UNIVERSAL GEAR MOUNT

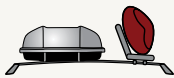

NOTE: FACTORY CROSSBARS HAVE LOAD LIMITS THAT VARY FROM MODEL TO MODEL. REFERENCE VEHICLE OWNER'S MANUAL, PRODUCT INSTRUCTIONS AND YAKIMA FIT RECOMMENDATIONS BEFORE LOADING.

INDIVIDUALS WITH FACTORY CROSSBARS CAN ALSO BUILD A YAKIMA ROOFTOP RACK SYSTEM FOR INCREASED LOAD CAPACITY.

HERE ARE A FEW FACTORY ROOFTOP RACK SYSTEM LOADING IDEAS:

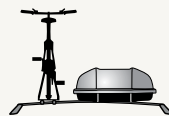

2 kayaks on a BIGSTACK and a bike

SKYBOX PRO 18 and kayak on a BOWDOWN

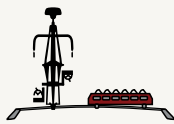

2 bikes on FRONTLOADER

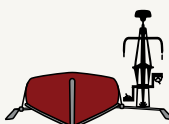

SKYBOX PRO 18 and a bike

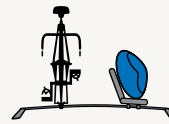

BASKETCASE and POWDERHOUND

POWDERHOUND and a bike

Canoe on FOAM BLOCKS and a bike

Kayak on a BOWDOWN and a bike

THESE YAKIMA GEAR MOUNTS WILL FIT MOST FACTORY BARS RIGHT OUT OF THE BOX:

BIKE

FRONTLOADER
FORKLIFT
RAPTOR AERO

WATER

BOWDOWN
BIGSTACK
HULLRAISER AERO
MAKO AERO
EVENKEEL
FOAM BLOCKS
SHOWBOAT

CARGO

SKYBOX LOPRO
SKYBOX SERIES
ROCKETBOX SERIES
GETOUT SERIES
WARRIOR BASKETS

SNOW

FATCAT
POWDERHOUND
BIG POWDERHOUND
FRESHSESH

CARRY THE MOST WITH A YAKIMA ROOFTOP RACK SYSTEM

NAKED ROOF

SIDERAILS WITH OR WITHOUT CROSSBARS

RAINGUTTERS

TRACKS OR HARD MOUNTING POINTS

When it comes to carrying gear on the top of your vehicle, a Yakima Rooftop Rack System provides the most options and capacity for carrying the widest range of gear. If your vehicle has a roof like one of the ones shown above, you need a Yakima Rooftop Rack System.

1 YAKIMA ROOFTOP RACK SYSTEM

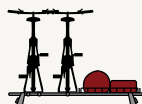

The Yakima Rooftop Rack System is made up of towers, which attach to your vehicle and serve as the base of the entire system, and crossbars, which hold the mount that secures your gear. Crossbars come in different lengths, depending on your vehicle width and amount of gear you want to carry.

NOTE: LOAD LIMITS VARY FROM MODEL TO MODEL. REFERENCE THE YAKIMA FIT LIST OR ONLINE CONFIGURATOR FOR OUR FIT RECOMMENDATIONS.

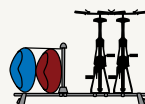

2 GEAR MOUNT

Gear mounts attach to your crossbars and keep your toys safe out on the road.

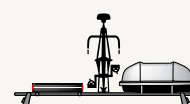

HERE ARE A FEW
YAKIMA RACK
SYSTEM LOADING
COMBINATIONS:
(SEE PAGE 10 FOR MORE)

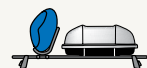

2 bikes
and BASKETCASE

2 kayaks on a BIGSTACK
and 2 bikes

SKYBOX PRO, bike
and POWDERHOUND

SKYBOX PRO and
kayak on BOWDOWN

THE NEXT FEW PAGES WILL SHOW YOU WHAT YOU NEED TO GET TO RACK-OUT YOUR VEHICLE. IF YOU WANT TO MAKE SURE YOU ARE GETTING THE RIGHT SETUP, ASK YOUR LOCAL RETAILER OR GO TO YAKIMA.COM AND CLICK "FIT MY CAR." WE'LL DO ALL THE THINKING FOR YOU.

FOUR SIMPLE STEPS TO MULTI-SPORT GEAR-HAULING GLORY

STEP 1 SELECT YOUR ROOF TYPE

OFFICIAL YAKIMA FACTORY ROOF IDENTIFICATOR®

a NAKED ROOF

Plain-old, jane-old roof.

b SIDERAILS WITH OR WITHOUT CROSSBARS

These bars run parallel to the length of your car. Found on many new wagons and SUV types.

c RAINGUTTERS

These small gutters run above the side windows, below the roofline. Found on some coupes, trucks and campers.

d TRACKS OR HARD MOUNTING POINTS

These are built into the roof, providing a place for a rack to either slide or bolt into place.

STEP 2 SELECT YOUR TOWERS BASED ON ROOF TYPE

- WITH -

IF YOU HAVE A STANDARD NAKED ROOF, YOU'LL NEED:

◀ Q TOWERS™

00124 - set of 4 00135 - set of 2

The "Q" in "Q TOWERS" stands for Quadruple Movement. That means the tower and clip move in four different ways, so they'll fit your car like a custom-tailored tuxedo.

◀ Q CLIPS™

See Yakima.com to custom-fit your vehicle

These vehicle-specific clips give your Q TOWERS a secure, glove-like, snug-as-a-bugish, peas-in-a-podisque, custom fit to your door frame. Go to Yakima.com and click "Fit My Car" to find the right set for your ride.

IF YOU HAVE SIDERAILS, YOU'LL NEED:

◀ RAILGRAB™

00138 - set of 4 00139 - set of 2

No matter what kind of rails you have on your vehicle, the RAILGRAB does just what its name implies. It grabs onto your rails and refuses to let go.

STEP 2 SELECT YOUR TOWERS BASED ON ROOF TYPE

IF YOU HAVE RAINGUTTERS, YOU'LL NEED:

◀ **1A RAINGUTTER TOWERS™** 00101 - set of 4

In addition to cars with rain gutters, 1A RAINGUTTER TOWERS can also fit truck shells and campers with a Yakima WIDEBODY, TOPLOADER or SIDELOADER (see below).

◀ **1A HIGHRISE TOWER™** 00104 - set of 4

1A RAINGUTTER TOWER'S taller twin brother adds additional clearance.

- WITH -

IF YOU HAVE TRACKS OR HARD MOUNTING POINTS, YOU'LL NEED:

◀ **CONTROL TOWERS™** 00214 - set of 4 00212 - set of 2

CONTROL TOWERS attach to your vehicle using LANDING PADS.

◀ **LANDING PADS™** See Yakima.com to custom-fit your vehicle

We offer 11 different types of LANDING PADS depending on your vehicle. Go to Yakima.com and select "Fit My Car" to find the right ones for your ride.

TOWER OPTIONS FOR PERMANENTLY INSTALLING YOUR RACK

FOR CAMPER SHELLS:

◀ **WIDEBODY™** 08001 - set of 2

These fit directly onto your camper shell, keeping bars low and towers away from the shell sides. They work with 1A RAINGUTTER TOWERS.

FOR TRUCK SHELLS

◀ **SIDELOADER™** 08002 - set of 2

SIDELOADERS fit in the space between the top of your truck shell and the side window. They work with 1A RAINGUTTER TOWERS.

◀ **BOLT TOPLOADER** 08005 - set of 2

This permanently mounted bracket works with 1A RAINGUTTER TOWERS or Q TOWER with Q-41 clip.

FOR VIRTUALLY ANY VEHICLE

◀ **PERMANENT LANDING PAD BASE™**

00226 - Landing Pad 6 00227 - Landing Pad 7

LANDING PAD 6 bolts to any surface with underside access, like truck or camper shells. LANDING PAD 7 fastens to a metal roof when underside access is denied. They both work with CONTROL TOWERS.

◀ **TRACKS™**

Tracks offer easy connectivity and a low profile when towers are removed. One track is for vehicles where the headliner is a concern and the other is designed for applications where the underside is accessible.

They work with CONTROL TOWERS plus a set of LANDING PADS.

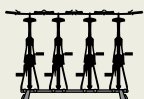

YAKIMA RECOMMENDS PROFESSIONAL INSTALLATION FOR THESE PRODUCTS.

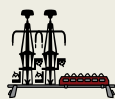

STEP 3 FIGURE OUT YOUR CROSSBAR LENGTH

HOLY GUACAMOLE. LOOK AT ALL THE STUFF YOU CAN CARRY. HERE ARE SOME EXAMPLES OF HOW MUCH STUFF YOU CAN BRING WITH YOU ON EACH CROSSBAR LENGTH. IF YOU'RE NOT SURE WHICH CROSSBARS WILL FIT YOUR VEHICLE, GO TO YAKIMA.COM AND SELECT "FIT MY CAR."

48"
CROSSBARS
00408

Up to 4 bikes

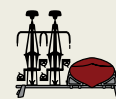

2 bikes and
BIG POWDERHOUND

2 bikes and
SKYBOX PRO 18

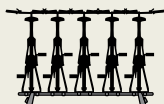

BASKETCASE and
POWDERHOUND

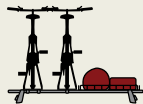

Up to 2 bikes
and kayak

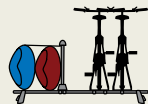

58"
CROSSBARS
00409

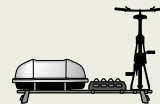

Up to 5 bikes

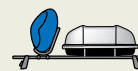

Up to 2 bikes
and BASKETCASE

2 kayaks on a BIGSTACK
and up to 2 bikes

SKYBOX PRO 12,
POWDERHOUND and bike

SKYBOX PRO and
kayak on BOWDOWN

66"
CROSSBARS
00410

Up to 6 bikes

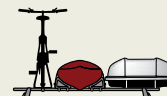

SKYBOX PRO
and canoe

LOADWARRIOR and
kayak on BOWDOWN

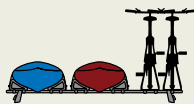

SKYBOX PRO and
kayak on BOWDOWN

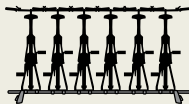

Bike, kayak and
SKYBOX PRO 21

78"
CROSSBARS
00411

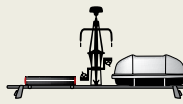

2 kayaks and
up to 2 bikes

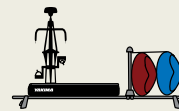

Up to 6 bikes

2 canoes

SKYBOX PRO, bike
and POWDERHOUND

LOADWARRIOR and
2 kayaks on BIGSTACK

STEP 4 PICK YOUR MOUNT

NO MATTER WHICH OUTDOOR ACTIVITY YOU ENJOY, HOW MANY BELLS AND WHISTLES YOU WANT, OR HOW FAR YOUR BUDGET WILL STRETCH, IN THE COMING PAGES YOU'LL FIND THE PERFECT SOLUTION FOR YOU.

STILL NOT SURE WHICH TOWERS AND CROSSBARS WILL BEST FIT YOUR NEEDS? NO PROBLEM, JUST GO TO YAKIMA.COM AND CLICK "FIT MY CAR" TO USE OUR ONLINE CONFIGURATOR.

SECURITY AND ACCESSORIES

SKS LOCK CORES

SKS LOCK CORES allow you to lock all your accessories and racks with just one key. Fits all lockable accessories.

07202 set of 2 **07204** set of 4 **07206** set of 6
07208 set of 8 **07210** set of 10 **07222** set of 12

SKS 9' LOCKING CABLE 07233

More than just a visual deterrent, these cables will lock anything to your bars. Plus, they're patented. So nobody's stealing this design either. (SKS LOCK CORES SOLD SEPARATELY)

WINDJAMMER 01115

The WINDJAMMER helps your Yakima round bars cut through the wind like a machete through mashed potatoes.

WIND FAIRING

07046 - 32"

07047 - 38"

07048 - 44"

07050 - 50"

Increase the aerodynamicness of your Yakima Base Rack System with one of these. Available in four lengths.

SKS ACCESSORY LOCK HOUSING 07220

If you have a rack that doesn't accept SKS LOCK CORES, one of these will keep it safe. So you don't have to take down your rack or tie a junkyard dog to your car at night to scare away thieves. (SKS LOCK CORES SOLD SEPARATELY)

YAKIMA® presents-

INSPIRATIONAL TALES OF DEFEATING RACK ENVY

IN THE DARK AGES OF THE EARLY 21ST CENTURY, millions if not gazillions of people suffered from undiagnosed Rack Envy due to sad, pathetic gear transportation methods. At least until Dr. Ernest Kleinman, PhD, MD, DDS, BMF became the first-ever scientist-type guy to identify Rack Envy as a mental disorder, and understand the power of a Yakima Rack in its treatment.

Thanks to his research (along with nifty Yakima products), outdoor enthusiasts everywhere now enjoy hassle-free gear transportation and happier, Rack Envy-free lives. Dr. Kleinman was also the first scientist to have his head cryogenically frozen and blasted into space so it can be thawed out by alien civilizations and help defeat Rack Envy throughout the universe.

GODSPEED, DR. KLEINMAN'S FROZEN HEAD, WHEREVER YOU MAY BE.

RACK AND ROLL TRAILERS

Yakima high-performance sports trailers let you carry your gear in style without breaking a sweat (or your back, for that matter). They're especially great for owners of high-end vehicles, who'd rather not install a roof rack or tow a bulky traditional "boat trailer."

SPANKIN'
NEW

QUICK AND EASY FOLD-UP AND STOW

WHY GET A RACK AND ROLL TRAILER?

- ▶ They're a stupendous multi-sport solution
- ▶ Comes with Yakima round crossbars and compatible with most Yakima mounts
- ▶ Low loading zone is easy on your back
- ▶ Removable wheels and tongue make folding and stowing quick and easy
- ▶ Sleek styling looks spiffy behind luxury automobiles
- ▶ Lightweight enough to maneuver by hand if you don't enjoy backing up trailers

Aluminum alloy wheels
with maintenance-free
sealed bearings

Optional kickstand keeps
trailer level when unhitched

Custom suspensions come
in both standard and heavy-
duty options

We use a minimum of 30% FSC-certified recycled paper in all printed materials. Check out what else we're doing and see what you can do at YAKIMAPAYBACK.COM
